Enrollment in this course is limited to those who have taken CJUS-P306 in the last 3 yrs., or those who are enrolled in Spring, 2019. Regular tuition will be charged for this			
course, + an additional program fee & travel expenses. The course will begin in Amsterdam shortly after the end of the			
Spring semester and will last approximately 2 weeks, with travel commencing prior to the course, & after the end of the course. In addition to various site visits in Amsterdam & a			
day trip to The Hague, the program includes cultural experiences & guest speakers. Analyzing drug policies			
abroad, this course will help students understand how progressive stances in The Netherlands affect drug use,			
societal norms, & drug prevention & treatment. Contact Prof. Schlegel or the Office of International Affairs for an			
application & further information. NOTE: The deadline for enrollment in this course is January 11, 2019. CJUS-P 399 READINGS FOR HONORS (1-6 CR)

	ODECINE MODIC: NOw the Dead: Dilawiness and the Aut of Museusl	Max	<u>Avl</u>	$\overline{\text{W/L}}$
	SPECIAL TOPIC: "On the Road: Pilgrimage and the Art of Travel Writing" This second eight week course surveys travel			
	writing, focusing on the art and literature prompted by			
	journeys on foot, examining writing by medieval pilgrims,			
	romantic wanderers, and modern trekkers. We will explore the hows and the whys of pilgrimage and travel writing by reading			
	about, discussing, and writing about the experiences of			
	pilgrims and other early walkers. Students will have the			
	option to also register for an additional one-credit course			
	(ENG X395) that will take place immediately after the semester ends, during which they will travel to Europe to			
	walk (and write about) the final 112km of the Camino de			
	Santiago. Contact Professor Shannon Gayk			
	(sgayk@indiana.edu) for more information. Above class meets second eight weeks only

           M 119 : All students enrolling in MATH-M 119 must be able to
           take a Departmental Midterm Exam on Sat, March 2nd at
           11:00a-12:30p
           M 119 : Students will need a graphing calculator, such as
           TT-84 Plus
           Above class requires special fee - See fee page
           This class may be taken mostly online. Students can view
           lectures, complete quizzes and homework, and attend meetings
           online, but are required to be present for a midterm and a
           final exam. For questions, contact Professor Koh
           (kohj@indiana.edu). For more information, please see the
           Course Description.
           A distance education course fee may apply; check the SCU
           website for more information at
           https://studentcentral.indiana.edu

BUS - A201:P - BUS-A100. Above class is part of the "Transfer			
Indiana" (transferIN) initiative. For additional information link to http://www.transferin.net			
Credit not given for both BUS-A201 and BUS-A200			
This is a 100% online delivered class. No on-campus class			
meetings are required.			
Though a faculty member will be engaged as your instructor,			
online courses require students to be especially conscientious and responsible about completing assignments			
and staying on track. Online courses are not easier than			
residential courses and require just as much time and effort			
from students. Online participation is required the first			
week of class. Students may not add the class after Week 1 - no exceptions.			
Students must have a computer with a working microphone and			
webcam. A private location and reliable internet connection			
with a broadband speed of at least 5 mbps is required for quizzes and exams.			
Above class for BUS students only.

BUS - A201:P - BUS-A100. Above class is part of the "Transfer Indiana" (transferIN) initiative. For additional information			
link to http://www.transferin.net Credit not given for both BUS-A201 and BUS-A200			
This is a 100% online delivered class. No on-campus class meetings are required.			
Above class for BUS students only.			
Though a faculty member will be engaged as your instructor, online courses require students to be especially			
conscientious and responsible about completing assignments and staying on track. Online courses are not easier than			
residential courses and require just as much time and effort from students. Online participation is required the first			
week of class. Students may not add the class after Week 1 - no exceptions.			
Students must have a computer with a working microphone and webcam. A private location and reliable internet connection			
with a broadband speed of at least 5 mbps is required for quizzes and exams.			
This is a 100% online delivered class. No on-campus class meetings are required.

This course covers new data analytical tools including data			
mining, web scraping, predictive analytics etc. It will teach			
you to the analyze real-world financial data in a variety of settings. You will learn to apply textual analysis to large			
documents, identify sentiment in Google search data,			
conduct financial analysis of SEC filings, and back-test			
trading strategies, to name just a few applications. You will			
develop the skills necessary to both collect and prepare data for analysis.
